Barn Drama

Just don't rain on my parade!!!

Sometimes you act like you  
were born in a barn....

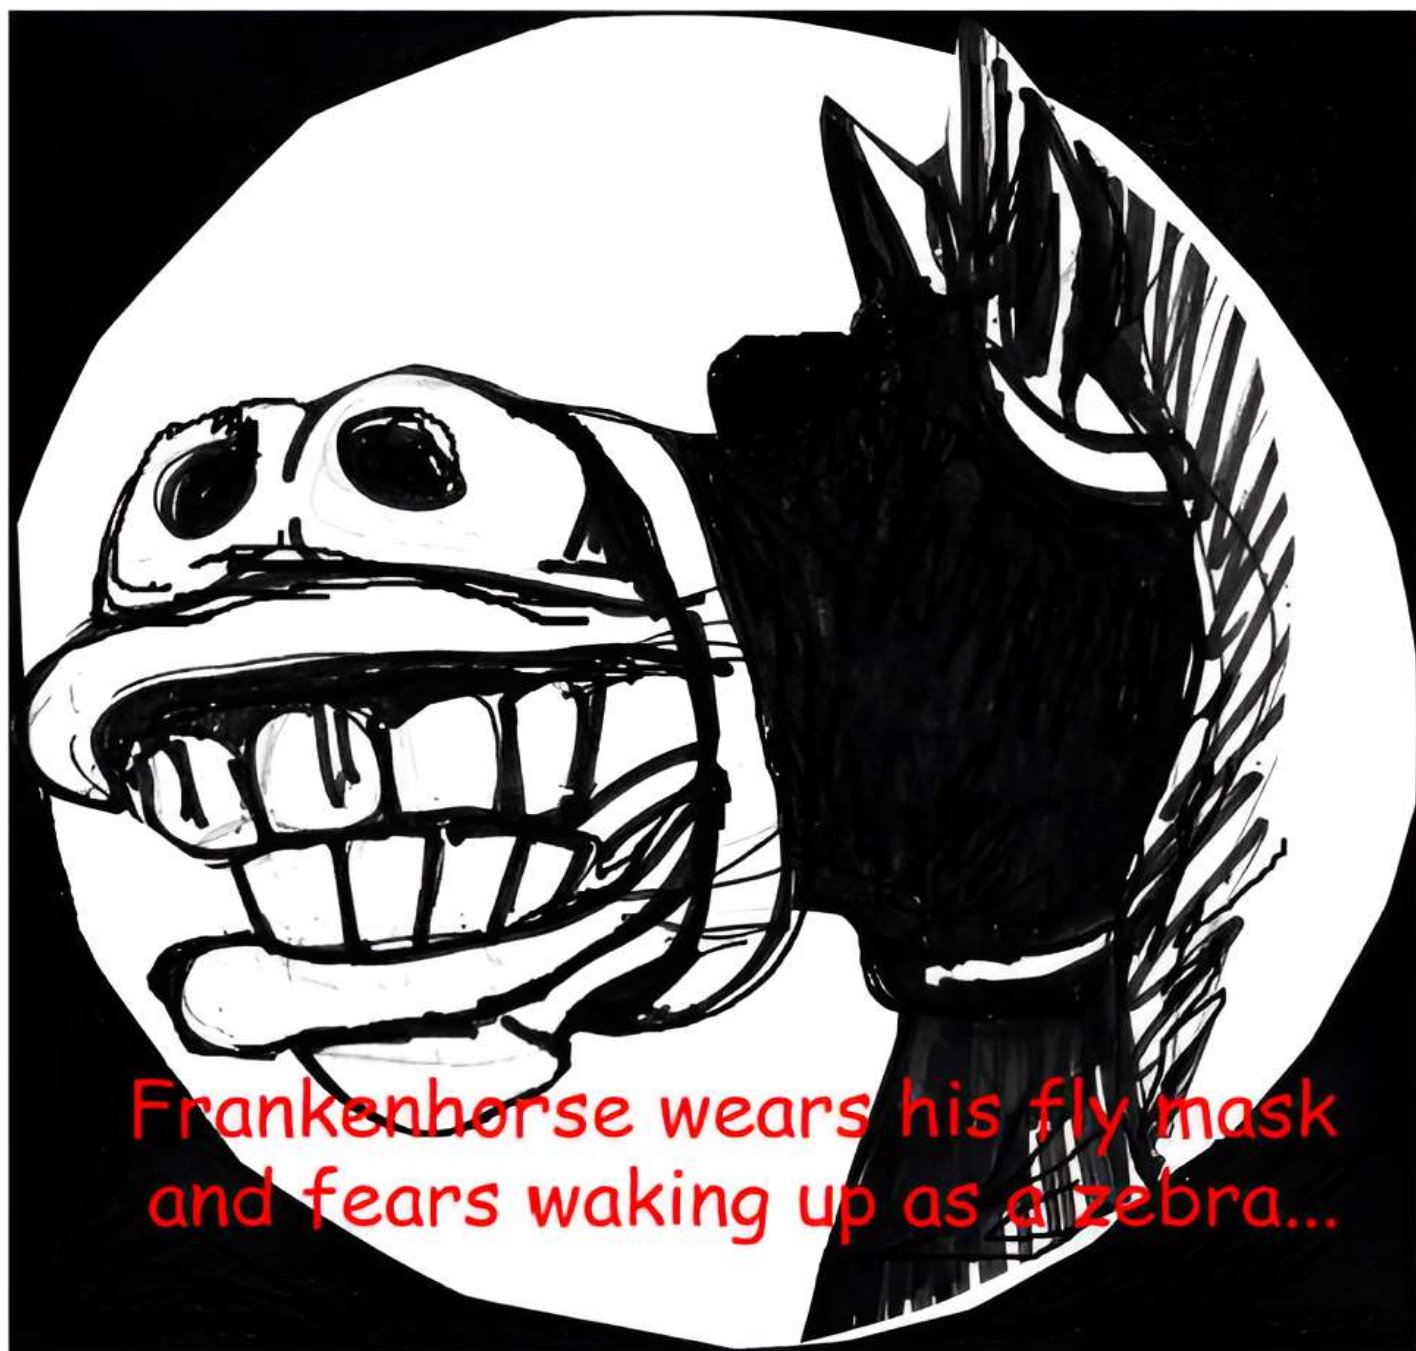

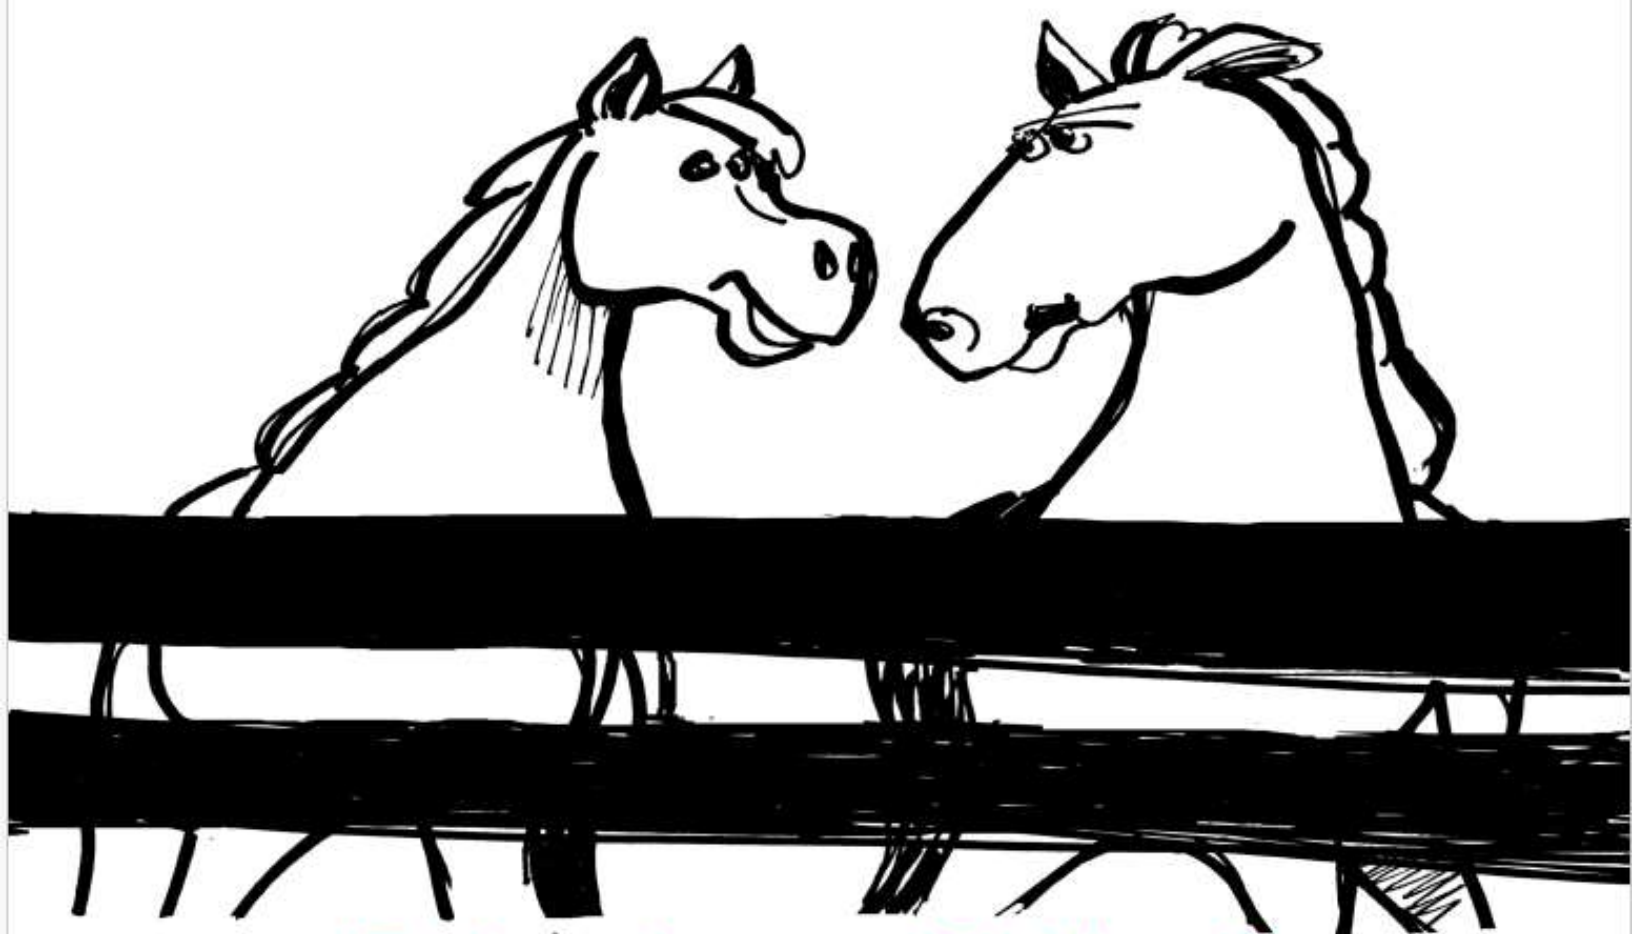

The Old Grey Mare proves there is still  
a good use for horses on the farm...

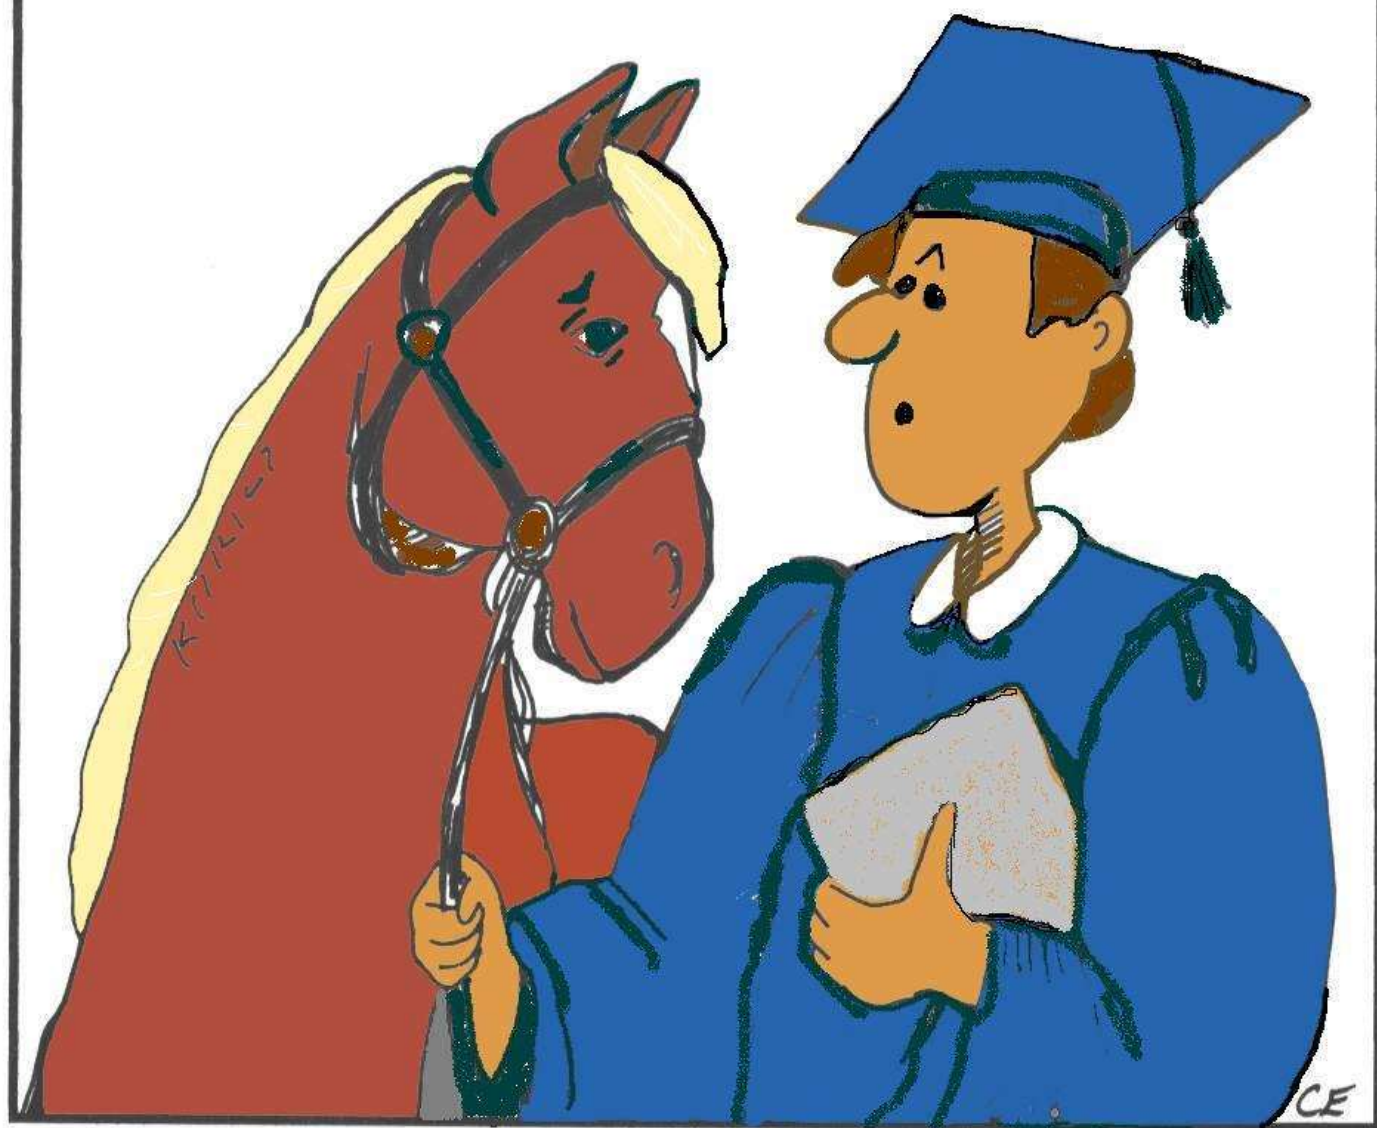

Frankenhorse wears his fly mask  
and fears waking up as a zebra...

"I thought, say 'Giddyup',  
but no, she takes out a whip!"

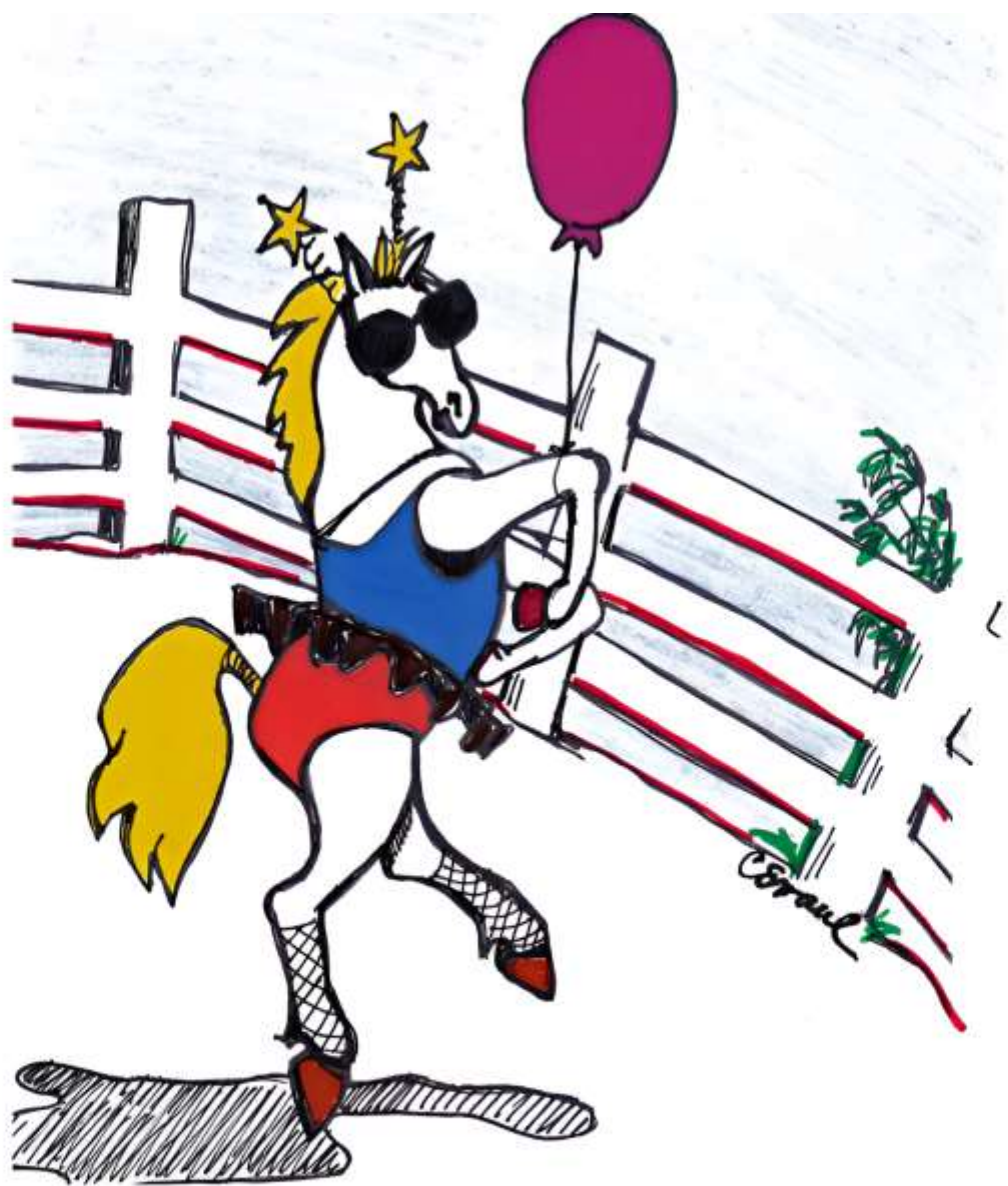

*Johnny should have been more specific when  
he said that he wanted a new Mustang as  
a graduation present...*

*If only we could read  
each other's thoughts...*

What happens in the *Round Pen*,  
stays in the *Round Pen*...

This is my "special" Christmas outfit....  
She is always dressing me up!
